

UPCC

Use Case Specification

Submitted to:

Asst. Prof. Ma. Rowena C. Solamo
Faculty Member
Department of Computer Science
College of Engineering
University of the Philippines, Diliman

Submitted by:
Abaja, James Gabriel
Cruz, Rayven Ely
Lim, Ciana

In partial fulfillment of academic requirements
for the course
CS 191 Software Engineering I
of the
1st Semester, AY 2017-2018

Unique Reference:

The documents are stored in the <https://github.com/limciana/UPCC>.

1.3 - Delete curriculum: https://bit.ly/UPCCUseCaseSpecs1_3

Document Purpose:

This document's purpose is to give the possible scenarios, the description of each scenario, and what the user and developer could expect, when one will delete a curriculum from UPCC.

Target Audience:

The target audience of this document are the developers who are interested in continuing and extending the project, users who are interested in how the system works, and the professor handling the course.

Revision Control*History Revision:*

Revision Date	Person Responsible	Version Number	Modification
09/29/17	Ciana Lim	1.0	Initial Document.
10/08/17	Ciana Lim	2.0	Made revisions to scenarios, the activity diagram, and the postcondition.
10/13/17	Ciana Lim	3.0	Added scenarios, and revised the activity diagram and the postcondition.

Use-Case Name: 1.3 Delete curriculum

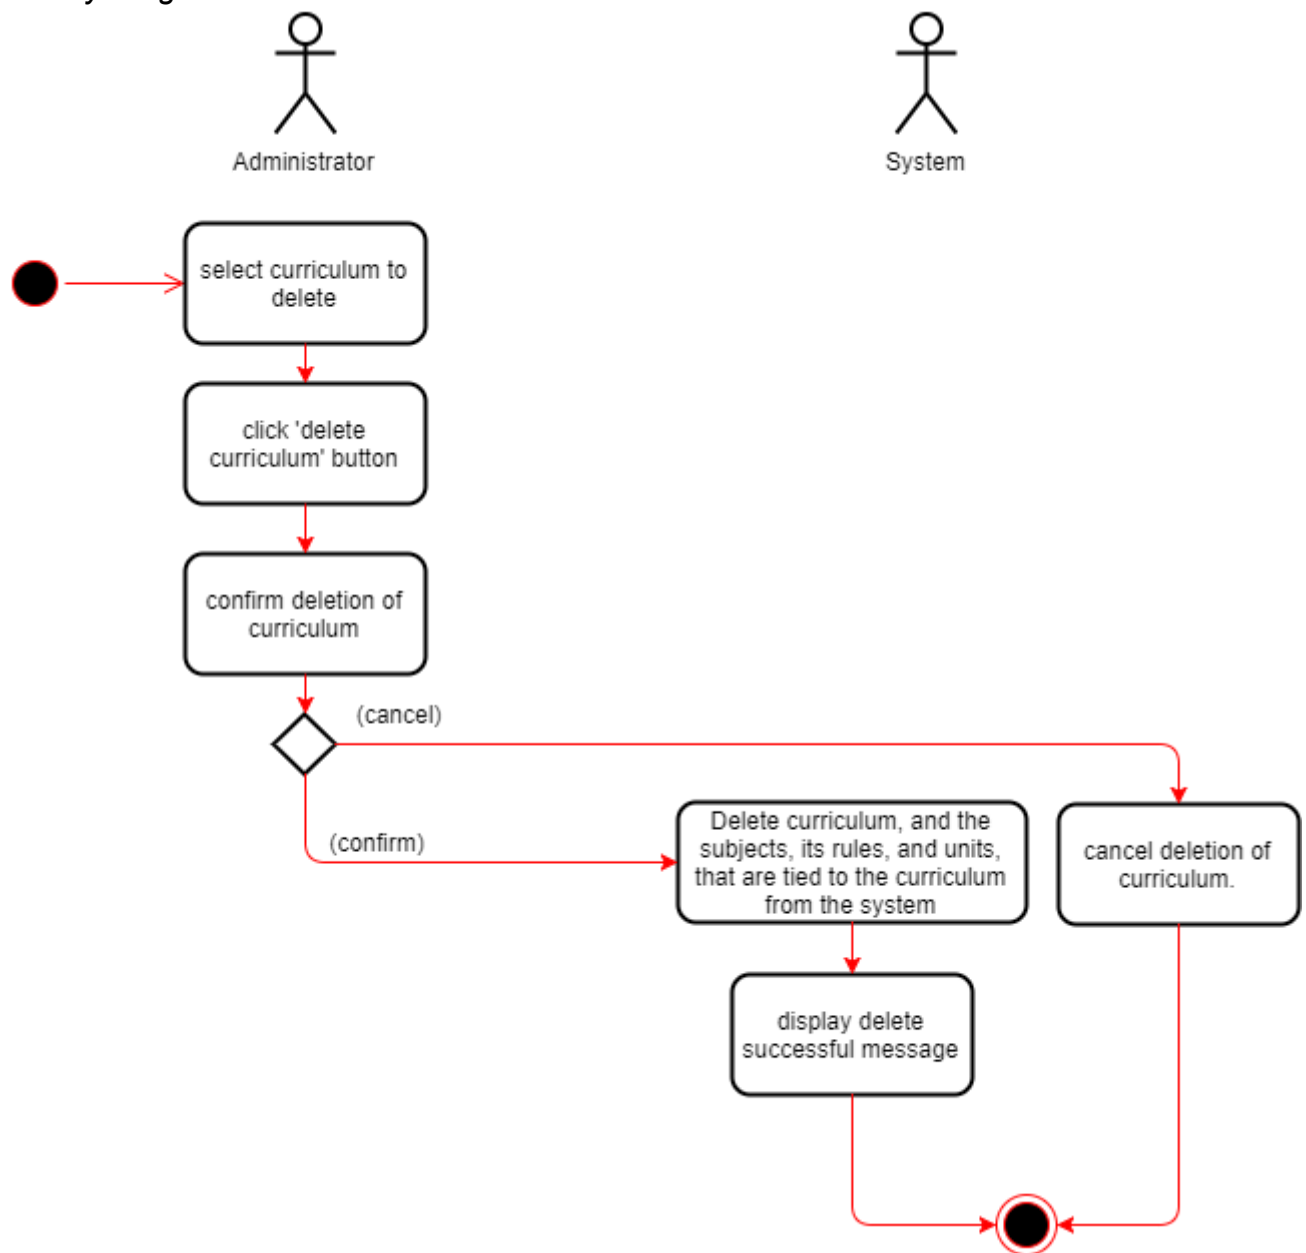

Description: This use-case deletes a curriculum from the system. This can only be done if the curriculum exists in the system. This use-case is authorized for the use of administrators only.

Preconditions: The curriculum exists in the system.

Flow of Events:

Scenario Name	Description
Scenario 1 (Basic Flow) The administrator confirms the deletion of the curriculum selected.	<ol style="list-style-type: none">1. The administrator selects the curriculum to delete.2. The administrator clicks the 'delete curriculum' button.3. The system will ask the administrator if he/she confirms the deletion of the curriculum.4. If the administrator confirms, the system will permanently delete the curriculum, and the subjects, its rules, and units, that are tied to the curriculum, from the system.5. The system will display a delete successful message.
The administrator declines the deletion of the curriculum selected	<ol style="list-style-type: none">1. The administrator selects the curriculum to delete.2. The administrator clicks the 'delete curriculum' button.3. The system will ask the administrator if he/she confirms the deletion of the curriculum.4. If the administrator cancels/declines the deletion, the system will not delete the subject.

Activity Diagram of the Flow of Events:

Postcondition: The selected curriculum is deleted, or no changes are to be seen.

Relationships: This use-case extends “1.0 Manage curriculums”.

Special Requirements:

Only the administrator has access to this functionality.
